

*Prime Minister  
Singapore*

18 September 2009

Dear *President Yudhoyono,*

I congratulate you on the successful raid by the Indonesian Police that led to the demise of Noordin Mohammad Top. This is a significant achievement that will make Indonesia and the region safer.

Although terrorist groups linked to Noordin Mohammad Top will be weakened by his death, they still pose a threat to our countries and the region. Singapore will continue to work closely with Indonesia and other regional governments to combat terrorism. I am confident that under your able leadership, and the professionalism of the Indonesian Police and security agencies, Indonesia will score more successes against terrorists in future.

*Yours Sincerely*

*Lee Hsien Loong*

His Excellency Dr Susilo Bambang Yudhoyono  
President  
Republic of Indonesia
